

WBA FAMILY FOCUS

Board Notes

Part of the strategic plan to move WBA to our current campus included the sale of the old campus on New Road. Currently we are carrying the costs of both campuses, a circumstance that we expected might last for several years. The sale of the old campus would ease the financial burden for the school. We have groups who are actively assessing the feasibility of the New Road facility for their needs. Please continue to pray that God would bring the right buyer at the right price at the right time for this facility.

Did You Know?

The families of WBA represent more than 30 churches in the Central Texas area. Our school was founded by Baptist families and is accredited by The Accreditation Commission of the Texas Association of Baptist Schools (ACTABS). WBA is one of only 3 ACTABS accredited schools that is not affiliated with a church; WBA is affiliated through the Waco Regional Baptist Network (formerly the Waco Baptist Association). While WBA has a Baptist foundation, the school benefits from a wonderful diversity of Christian traditions represented in our families.

Family Spotlight

This week's spotlight is a two for one! Shelley Neimer is both parent and teacher, instructing the Pre-K through 2nd graders in Music. Shelley is pictured below with her husband Brad, their son Will (Pre-K), and Taylor (age 7). Thank you, Shelley, for sharing your thoughts about WBA.

What is your favorite thing about WBA? "I love the Christian environment. You can literally feel Christ's love when you walk through the doors."

How did your family choose WBA? "Our sweet Lord chose this school for Will. I was presented with the opportunity to teach primary music at WBA and Will came with me. Brad and I could NOT be any happier."

What do you want others to know about WBA? "I would like others to know it is an awesome, Christ-centered school. It has a staff that cares about the children's academic needs as well as their love for our Lord."

How has WBA impacted your child? "Will truly enjoys school. He is learning new things every time he goes into Mrs. Davis' class."

Can you share a favorite WBA moment? "I picked up Will from school one Thursday afternoon. He looked up at me, with those big blue eyes, and said, "Mama, you came too early!" He loves Mrs. Davis, Mrs. Cummings, and his school!"
